

I listen to K-LOVE everyday and find it VERY uplifting and inspirational, unlike some of the other stations where I have to change the channel when the language gets racy and explain to my 7 year old that those are not nice words. I feel that K-LOVE provides a ministry to people that may be apprehensive about going into a church building by allowing them to hear the message of love from Jesus Christ from the comfort of their own home or car. It would be a HUGE disservice to this community if K-LOVE were to be forced off the air due to this service LPFM. Please do whatever it takes to keep K-LOVE available to the listeners in Hampton Roads.
